Subject: Re: Buzzmetric Monthly Meeting Follow-up.

Gary, I fully understand,

Believe me, If I could eliminate some of these meeting I would. All you need to do is send me your updates before the meeting each month I will cover your issues for you. In the mean time, I will see if I can find a day and time where we don't have anything going on so we can change the meeting.

Thanks

Jeff,

The problem QAP has is this meeting is the same time as our department meeting has been for years. Yes I know there are not many open times remaining on the calendar

Subject Re: Buzzmetric Monthly Meeting Follow-up

Gentlemen,

Because your departments did not have a representing at this meeting, please take a moment to review your issues in Julie's email below and place a priority rating on each topic. Please return the completed form to me by the end of business today (7/30/07), so I can send it back to Buzzmetrics. In addition, please provide any updates to the Hot List Topics that you want them to focus on in the coming month. If topic's can come off the list let me know that as well.

We will be send this list out in advance each month so that everyone can be prepared to provide updates during the meeting. If your not going to be able to send someone to this meeting to represent your group, please make sure someone gives me your input before the meeting so I can update your issues for you.

Thanks in advance for your support.
